## Man Against Current Visit Found Beaten

SAN FRANCISCO (AP)—A Hungarian who helped hijack a plane to escape to the free world and who spoke against Soviet Premier Nikita Khrushchev's visit here, was found beaten and unconscious early today.

No official agenda was listed. But White House press secretary James C. Hagerty, when queried about the subject of the talks, told newsman: "I would assume that you couldn't have a meeting between the President and the secretary without discussing the steel strike."

## Cost of Living Shows a Decline During August

WASHINGTON (AP)—The cost of living edged down one-tenth of 1 per cent last month from July's record high, the Labor Department reported today.

A big seasonal drop in food prices, nine-tenths of 1 per cent, was solely responsible for halting the summer spurt of consumer prices.

Price tags were higher on virtually everything else making up the average city family's costs.

This was nine-tenths of 1 per cent higher than a year earlier. The figures mean it now takes nearly \$1.25 to buy what cost a dollar in the years immediately after World War II.

In spite of the slight drop in cost, at least 125,000 workers will receive wage increases under cost-of-living escalator contracts which are adjusted quarterly.

Almost all food prices declined in August. Fresh fruits and vegetables, beef, pork and poultry showed the largest reduction.

Pork prices dropped 3 per cent and over-all prices of meat, poultry and fish went down almost 2 per cent.

Prices of all other items averaged two-tenths of 1 per cent higher, with housing costs a major gain. Increases in rents and in interest rates on mortgages were coupled with rising gas and electric bills.

House furnishings were four-

## Purpose of Senior Group Is Outlined

The purpose of the Senior Citizens meeting to be held at the Saenger Theatre, Thursday, at 8 p.m. is to form a community wide organization to promote, coordinate and make more effective activities on behalf of older persons in Hope according to E. M. Rucker, co-chairman of the local older persons committee.

Sufficient sponsorship by public and civic groups has already been evidenced and the older persons need to form a permanent organization, select officers, draw up by laws, determine meeting dates and adopt specific projects according to Mr. Rucker.

The two committee meetings held last week pointed to the need for Thursday's general meeting at the Saenger. In addition to the selection of officers the following specific activities are slated for discussion in planning for the future.

1. How can the interests of older people in Hope in their own problems be most effectively utilized by the Senior Citizen group?
2. Promote effective cooperation among agencies and civic groups working with older persons.
3. Development of specific new projects and adoption of an overall planned program.
4. Development of more effective utilization of existing services and facilities available in Hope and Hempstead County.
5. Development of public information and understanding of needs of older persons.
6. Determine the need of a central information and referral service for persons seeking help on their problems.
7. The possibility of recruitment of volunteers for service and friendly workers on the Senior Citizen program for the aging.

## Piece of Wood From a Saw Injures Man

A piece of wood from a saw hit a workman in the back at Brainerd Ivory Handle Co. this morning, causing considerable pain but no critical injury. The worker, Ivy Godwin, was rushed to a local hospital by an Outcrest Ambulance for treatment.

## Grant-in-Aid to NLR Hospital

NORTH LITTLE ROCK (AP)—A \$1,470,000 federal aid grant has been awarded to North Little Rock for construction of a 100-bed hospital.

The chairman of the city's Municipal Hospital Commission, Clifford L. Smith, announced the grant yesterday.

Smith said \$784,000 is available through investment of \$500,000 worth of bond money approved by the hospital fund in 1957. The total for the hospital fund is \$2,234,000.

The city now has no public hospital facilities.

The new hospital will have four stories and will be Y-shaped. Smith said planning already completed should "permit" the award of a construction contract before July. He said the hospital will take about a year to build.

## Hempstead Memorial Hospital Makes Wonderful Progress in First Four Years of Operation

Hempstead County Memorial Hospital this week observed its fourth anniversary, and all but \$136,000 of the original bonded indebtedness has been retired, Charlie Wilson, Administrator, told the Hope Kiwanis Club at its Tuesday luncheon meeting.

The original bonded indebtedness was \$327,500 of which \$171,500 has been paid at the rate of approximately \$43,000 per year.

The total investment in the hospital counting land acquisition, building costs, equipment and supplies totals \$678,000.

In four years of operation, hospital income has grown steadily along with the patient load the first year being \$143,000; the second year \$182,000; the third year \$190,000 and the end of the fourth year \$194,000. Mr. Wilson estimated that salaries run about 50 percent of the income.

Mr. Wilson said there had been a total of 6,106 patients of which 1,055 had undergone surgery. There have been 634 babies born at the hospital, and he pointed out that 77 percent of the hospital income was derived through some kind of sick, accident or health insurance. He also pointed out that recent statistics showed that 60 percent of American families pay premiums on health insurance.

The Hempstead County Memorial hospital, the speaker pointed out, is one of the best equipped for its size that can be found anywhere and it operates on a 24-hour basis seven days a week. The average cost per patient over the 4-year span has been \$21.80 per day.

"We have no problems at present, but speaking generally there has been talk in the hospital field of a wage and hour law and organized labor. If this should happen through some federal law it will mean that costs per patient will rise considerably," Mr. Wilson declared.

Preceding Mr. Wilson's talk, Leo Ray, board chairman, spoke briefly and outlined some of the history in organization and building of the hospital.

Guests of the club: Frank Powell and Charles Moruzzi, both of Little Rock; Garnett Martin, M. S. Bates and L. B. Tooley of Hope.

Mike Kelly, president of the club, announced that October 2 had been set as the date for the annual Kiwanis Club Pancake sale.

## Auto Badly Smashed in Accident Here

## Boat Accident Takes 12 in Same Family

MUNISING, Mich. (AP)—"They wanted to get in the same boat because it would be more fun."

A bewildered father — the only survivor of a boating accident that took the lives of his wife, 10 children and his brother — was too grief-stricken for tears as he described the tragedy to state police.

"I was very confused — it all happened so suddenly," said Leonard Larson, 43, as the bodies were brought ashore from Lake Michigan in Upper Michigan's Hiawatha National Forest Tuesday.

The family, on a day's outing to pick wild cranberries, had piled into a 12-foot outboard motorboat. It capsized 40 feet from shore. None could swim. The father saved himself by climbing atop the overturned boat.

Helpless, he saw his wife, children and his brother, Harry, 64, go down in water so clear the bodies could be seen 15 feet down.

All the Larsons' children but the oldest daughter Doris May, 16, were along. She was attending high school in Marquette.

Leonard Larson is a sawmill worker in the little lumbering town of Skandia, 30 miles from the scene of the tragedy.

The children were out of classes because the village school was closed for the day for repairs.

The boat belonged to the uncle, a bachelor, who helped care for some of the children at his home and was always included in the family circle. The uncle also worked at the sawmill.

The victims were the mother, Dora Larson, 41; the uncle, and to children — Arthur, 15; Shirley, 13; Harry, 10; Marlene 9; Freddie, 8; Carol, 7; Robert 6; Mary Ann, 3; Melody, 4 and Terry Lee 5 months.

## Hurricane Is Far Away But Fury Mounts

MIAMI, Fla. (AP)—An Atlantic hurricane lumbered north-northwestward today, far offshore but with rising fury that bid for attention all along the Southeastern seaboard.

The U.S. Weather Bureau predicted Hurricane Gracie would pass northeast of Eleuthera Island, in the Bahamas, at noon. Eleuthera is 275 miles east of Miami.

The storm, with 100-mile peak winds expected to increase slightly, would roughly parallel the Florida coast if it stayed on the course reported by hurricane hunter planes.

The Weather Bureau said Gracie's forward movement of eight miles an hour would not endanger the southeastern United States today.

Shore folk from Florida to the Carolinas were advised to keep in touch with Weather Bureau reports. Small craft warnings flew on much of the Florida Peninsula.

While Gracie whirled northward, south Florida remained in the grip of another kind of storm — a four-day nor'easter during which one fisherman apparently died and seven others were missing.

## Ike Appeals to Both Sides in Steel Strike

WASHINGTON (AP)—President Eisenhower appealed to both sides in the steel strike today to "get down to hard intensive bargaining" and settle the dispute.

The appeal was relayed to reporters by Secretary of Labor James P. Mitchell following a long conference with Eisenhower.

"We all feel that free collective bargaining may be on trial here," Mitchell said.

"Both management and labor should recognize this fact."

Mitchell declined to predict what government action, if any, would be taken if labor and management failed to reach a settlement in the strike, now 71 days old.

He likewise declined to predict the timing of government action, should action be taken.

The most probable government action would be invoking the Taft-Hartley law's injunction provision. An injunction, if issued, would send striking steelworkers back to the mills for at least 80 days, but they would be free to strike again if no settlement was reached in the meantime.

Mitchell said Eisenhower feels both parties to the dispute should recognize their responsibility not only to the steelworkers, but to others thrown out of work as a result of the strike and to the general public as well.

NEW YORK (AP)—The nation's top mediator said today there still hasn't been any noteworthy progress toward settling the steel industry's 71-day-old strike. His statement was echoed

His wife, Enese, 26, had called police when Iszak went out after a mysterious telephone call and failed to return.

Inspectors Charles Naughton and Lloyd Kelly said the missing Hungarian patriot was found crumpled in front of his parked auto just inside an entrance to the park. The keys were in the car.

His speech against the Khrushchev visit was last Saturday in San Francisco's Union Square.

## Steel Strike

Continued from Page One

There has been speculation that the administration may decide soon whether to invoke the Taft-Hartley law. Under the law, the

President could try for a court injunction that would halt the strike for at least 30 days.

A half-million members of the United Steelworkers Union are striking, cutting the nation's steel production to 10 per cent of capacity. Other industries that feed on steel have been forced to lay off 175,000 workers.

Negotiators for the union and management who have gotten nowhere. That pattern was emphasized Tuesday when they met in New York for 30 minutes and then recessed until today.

The District of Columbia was taken from the territories of Maryland and Virginia.

by steelworkers Union President David J. McDonald.

"The situation is just about the same as it was when we entered the negotiations on July 16," said Joseph F. Finnegan, director of the Federal Mediation and Conciliation Service.

Finnegan voiced this view shortly after McDonald told reporters there has been "absolutely no progress" made in almost two weeks of subcommittee bargaining on local issues.

McDonald also said that union subcommittee members termed the attitude of industry subcommittees as one of "arrogant adamancy."

Finnegan said the subcommittees would continue their meetings through today and Thursday, but that the top echelon men would recess their talks until Friday.

At that time, he said, the key negotiators hope to have some kind of reports from the subcommittees.

## Man Found Shot to Death in Home

STUTTGART, Ark. (AP) — Sheriff Herman D. McCormick today said that Axel Kolbebrew, Negro, 30, was found shot to death yesterday in the house where he lived alone.

McCormick said the man had been shot once in the stomach and once in the chest with a .22-caliber weapon.

The sheriff said the victim apparently had been killed Saturday night.

Several persons have been questioned, but no charges have been filed.

## Disappointed From a Spiritual View

MINNEAPOLIS, Minn. (AP) — Evangelist Billy Graham says he

is disappointed that no attempt has been made thus far to make a spiritual impact on Nikita Khrushchev during the Soviet Premier's American tour.

The evangelist said the failure to get Khrushchev to church or to show him America's spiritual strength "may prove the greatest blunder" of those who arranged his tour.

Khrushchev probably would be greatly impressed if he could see the interest of the American people in religion, Graham said in an interview.

## Chisox Finally Win American Loop Pennant

By ED WILKS  
Associated Press Sports Writer

The White Sox did it. They did it like champs, clinching that long-awaited American

League pennant in their final meeting with the one club that could snatch it from them. They did it with a 3-2 victory over the second-place Indians at Cleveland Tuesday night, hauling in Chicago's first AL flag since 1915. They did it not with their magic singles, but with power—a pair of scoring doubles by Luis Aparicio and Billy Goodman had successive sixth-inning home runs by Al Smith and Jim Rivera.

They did it with pitching and defense. Early Wynn, the old man, the Indians didn't want, won his 21st, getting relief help from

young Bob Shaw, the right-hander Detroit didn't want, and Gerry Staley, the reliever nobody wanted. Staley, like Wynn a 39-year-old right-hander, wrapped it up, making his 65th trip from the bullpen this season in the ninth inning with one out and the bases loaded. With one pitch it was all over.

Vic Power swung at that first pitch of Staley's. Aparicio gobbled it up at short, stepped on second and threw to first for the Sox's fourth doubleplay, the doubleplay that ended 40 years of waiting.

The victory gave the White Sox a 4½-game lead over the Indians, who have but four games to play. The Sox have three left—before playing the opening game of the World Series in Chicago's Comiskey Park a week from today.

In the National League Milwaukee's surging Braves, driving for a third straight flag, jumped into a one-game lead with a 5-3 victory at Pittsburgh. Los Angeles tumbled out of a first-place tie with an 11-0 loss at St. Louis.

The White Sox, who had lost two games behind, losing 5-4 to the Cubs at Chicago. Each of the contenders has four games left. The White Sox put away their first American League pennant in 40 years Tuesday night, beating Cleveland, the only club that could snatch it from them, 4-2.

Milwaukee's late surge to become the first three-in-a-row NL winner since the Cardinals of 1942-43-44 now has given the Braves a four-game streak and 13 victories in their last 15 games. To do it, they had to stand off a ninth-inning Pirate rally for the second night in a row. Lefty Jim Pizarro (6-2) beat the Bucs a third time after building a 4-1 cushion with a two-out, two-run double as the Braves scored three in the seventh off Harvey Haddix (12-12).

Reliever Don McMahon finally nailed it, giving up a pair of scoring singles by Smokey Burgess and Don Hoak before striking out pinch-hitter Rocky Nelson for the final out.

Andy Patko doubled and John Demerit, replacing injured Bill Bruton in center field, beat out a bunt single for the Braves in the clinching seventh. Then, after Del Crandall, who had hit his 21st homer in the fifth, it into a doubleplay and Felix Mantilla got an intentional pass. Pizarro sliced his double just inside the left field line. Bobby Avila, who tripled in the first and scored on Hank Aaron's fly, then singled in the final run off Haddix.

Milwaukee took more than a percentage-point lead for the first time since June 30 as the Cardinals went to work on the Dodgers, Los Angeles, making it close on rookie Frank Howard's pinch-hit.

York whipped Washington 6-4. Detroit beat Kansas City 6-4 and Boston defeated Baltimore 4-3. Philadelphia swept a two-night pair from Cincinnati, 3-1 and 3-2, in the other NL action.

## Braves Capture Lead With Win Over Pirates

By ED WILKS  
Associated Press Sports Writer

Remember the last time the National League had a three-team fight for the flag? It was 1956 and in the final week fourth-place St. Louis crashed Milwaukee out of it while the Dodgers stepped over seventh-place Pittsburgh to the pennant.

Cincinnati was the third club in on that down-to-the-wire race, finally given the gate by the Chicago Cubs to finish third, two games shy.

The Braves have breezed to two flags since then, and now, driving for a rare third in a row, they've surged into a one-game lead, beating fourth-place Pittsburgh 5-3 Tuesday night while seventh-place St. Louis jarred the Dodgers out of a first-place tie by battering Los Angeles 11-0.

In keeping with that pennant pattern off three years ago, third-place San Francisco plunged two games behind with a 5-4 loss to the Cubs.

Each of the contenders has four games left. All finish the current series today. Then the Braves go home for a three-game weekend series with last-place Philadelphia while the Dodgers shift to Chicago and the Giants switch to St. Louis in the final run to decide who plays the Chicago White Sox in the World Series a week from today.

## KIDDING KIND

MILWAUKEE (AP) — Sheep raiser Will McKerrow received considerable attention at the Wisconsin State Fair with an Oxford ram

lamb billed as an "Early American Sheep." The animal sported a Moroccan haircut — sheared except for a six-inch strip running down its back — and a feather over one

ear. McKerrow, who last year entered a lamb painted to resemble a colorful tartan, says he likes to kid the "city slickers."

New car prices continued to decline as dealers sought to move their 1939 models, but used car prices continued their rise.

The impact of the steel strike was felt in a decline in the average earnings and buying power of factory workers. Spendable earnings, meaning average pay after deductions, dropped by about 50 cents a week in August. ## Says Johnson Has No Right to Grant Stay

LITTLE ROCK (AP) — Asst. Atty. General Thorp Thomas said in effect yesterday that state Supreme Court Justice Jim Johnson had no legal authority to stay the scheduled July execution of con-

demned slayer Emmet Earl Leggett.

Thomas said in a brief filed in the supreme court that only the governor can suspend executions.

A Leggett appeal now is pending before the Supreme Court.

Johnson issued the stay of execution only hours before the 22-year-old youth was to die in the state's electric chair. Leggett's attorney, Kenneth Coffelt, made a

last-minute plea to Johnson that resulted in the stay.

Leggett is under death sentence for the 1935 strangulation slaying of 14-year-old Joe King of Jacksonville. Leggett has received almost a dozen reprieves.
